

AbelConn Electronics Receives its Sixth 4-Star Supplier Excellence Award from Raytheon

March 31, 2020 4:51 PM EDT

MINNEAPOLIS, March 31, 2020 - AbelConn Electronics, a Celestica company (TSX:CLS) (NYSE:CLS), announced today that it received the Raytheon Integrated Defense Systems 4-Star Supplier Excellence Award.

Raytheon's Integrated Defense Systems business instituted the annual Supplier Excellence Awards program to recognize suppliers who provide outstanding service and partnership in exceeding customer requirements. Judges evaluated companies on several criteria including overall quality and on-time delivery. AbelConn is one of eighty-six companies to receive 4-Star honors.

"Raytheon is enabling mission-critical military programs that require trusted global suppliers and partners who place a major emphasis on quality assurance and speed-to-market. These are the hallmarks of our business and the reason why we continue to be recognized with this prestigious award year after year," said Chris Milano, president of AbelConn. "We greatly appreciate this recognition from Raytheon but more importantly, our invaluable partnership. Raytheon is at the forefront of an exciting age of innovation in the global Defense industry, and we play a critical role in enabling them to focus on their core priorities."

AbelConn's deep history with Raytheon includes partnering on numerous critical military programs. As a vertically-integrated supplier with full-service capabilities from concept through manufacturing, AbelConn's customer commitment is backed by decades of proven performance in delivering defect-free products on time and with exceptional service.

About AbelConn

AbelConn Electronics, a Celestica company, specializes in applications that demand ruggedized high reliability, including military, aerospace, networking and industrial environments. With vertically integrated capabilities, AbelConn manufactures complex, integrated electronic solutions. With more than 40 years of experience, AbelConn provides innovatively engineered products and services throughout the program lifecycle, from concept to manufacturing to obsolescence management.

Cautionary Note Regarding Forward-Looking Statements

This news release contains forward-looking statements. Such forward-looking statements are predictive in nature and may be based on current expectations, forecasts or assumptions involving risks and uncertainties that could cause actual outcomes to differ materially from the forward-looking statements themselves. For those statements, we claim the protection of the safe harbor for forward looking statements contained in the U.S. Private Securities Litigation Reform Act of 1995, and in any applicable Canadian securities laws. Forward-looking statements are not guarantees of future actions, events or outcomes. You should understand that the risks, uncertainties and factors which are identified in our various public filings at www.sedar.com and www.sec.gov could affect our future actions, events and outcomes and could cause them to differ materially from those expressed in such forward-looking statements. Forward-looking statements are provided for the purpose of providing information about management's current expectations and plans relating to the future. Readers are cautioned that such information may not be appropriate for other purposes. Except as required by applicable law, we disclaim any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
